To Whom It May Concern

RE: Albert Smith Pressure Washing

In January, 2010, I decided to close my construction division of my company. Upon the suggestion of the auction company who I had chosen to handle the selling of my equipment, Albert Smith Pressure Washing came to my shop the weekend before the sale to cleanup the equipment and vehicles.

Mr. Smith showed up with his crew and brought all the necessary equipment and supplies to clean the heavy equipment. He and his crew worked from sun up to sun down in freezing temperatures in order to make sure my sale went as well as possible. I was very impressed by the professionalism of getting the job done. They made my equipment and vehicles shine.

The day of the sale, everything went great. People commented on how well kept my equipment was and therefore the auction company got the best price for the equipment because it did look so good.

I recommend Albert Smith Pressure Washing to anyone who is in need of this service.

A. B. Rose
